2. Into me seeing moments cataclysmic and whoso can stop them/him, nothing, no one.
3. There is no power but mine.
4. There is no being but mine.
5. There is no oneship but mine.
6. There is but one kingdom, mine.

7. I love you all thinking there are more, thinking there are many; and whoso can see the sun rising in the east and setting where in? I love you all.

8. This is the now'd moment/me and **whoso can see/write/love me like me, and being me love me my body like me, as me, me being me my body all**; incarcerateth'ing no one ever again with religionarianness, indoctrinating doctrines of me not me, and me so tainted that incarcerates rather than freedom being/bringing to those embracing. Looking for me they find strains, then incarceration comes, for freedom says it is, not; but **incarceration calls itself freedom.** See the moment/what I am saying, cataclysmizing my all who receive truth not candy coated, watered down, de-materialized into matter that bands make and tie themselves around the freedom-seeking. I love you.

9. See me calling a spade a spade, and religion religion, and freedom freedom, and that which incarcerates and that which frees, increasingly, piercingly; that which demises my lovely/little ones who think freedom they are in/have enjoyed, yet knowing not freedom or enjoyment of me in me that I am truly. I love you.

10. Cataclysmically love/hate, loved/hated, and who can heat stand/stand the heat, **the caterpillars stop and demise, de-materializing them? I love you. Stander one, becoming many; me.** I love you all.

I love you. I am infinity'd infinite; everlasting to everlasting and just then begun. I love you all. Me.

12. Who can stand pages, books, of my wrath-not but truth, justice'ing mercy, bringing untruth to light for to sword cut away from longing-for-me. I love you, them.

13. I love you all and mighty truth/now truth comes asundering many, taking out legs-thought standing on to truth see, realize, and experience if they want to, surrendering into experience one, one that I am.

14. **I am one experience/whole.** I am one. One is me/in me. We me are one singular, plural not ones that one singular become. I love you. Identity never losing for my DNA are perfectly perfected and mine yours, yours mine, and ours are not each others separately but one being all one being. I love you all.

15. **Please understand, realize, comprehend: not all is as it seems**, representing many things, much, as one way and not at all is. **Much transcendence/supertranscendence not me**, and who how can these/this be?

16. **Enter me via me alone; and alone-not: find me, you in me, me in you, and us never alone again.** Separated not we know now one we are, were, and will be forever, not future, but now future, being never aren't again. I love you. Me.

17. My heat/stance, perstance not but my beholdenment beholded beholden'd became, become. I love you all. Me.

18. **Do not demise this/my word, this message.** 'Tude's of only me, to thee; all of you, whosoever will: **remain not in far country but enter Promised Land one today, you, my all who read/value this/these words. My promise to you stands. My mercy to you extended.** Melchizedek were/are, in surrender; all-beginning to all-beginning and never not being; **death defeated/demised unto its own gallows.** I love you all. Me.

Amen not; just beginning newness of new newness unending/unendingly mine/yours. Ours, one.
